

## **RYE COVE INTERMEDIATE SCHOOL WELLNESS POLICY**

**2017-18**

### **I. Policy Statement**

The Board of Education of the Scott County School District support the health and well-being of the District's students by promoting nutrition and physical activity at all grade levels. In accordance with federal law, it is the policy of the Board to provide students access to healthy foods and beverages; provide opportunities for developmentally appropriate physical activity; provide nutrition education; and require that all meals served by the District meet or exceed the federal nutritional guidelines issued by the U. S. Department of Agriculture.

### **II. Wellness Policy Leadership**

The designated official for oversight of the wellness policy is the School Nutrition Supervisor. The official shall convene the Wellness Committee and lead the review, updating and evaluation of policy.

Each school shall designate a site coordinator who shall ensure compliance with the policy.

### **III. School Wellness Committee**

To assist in the creation of a healthy environment, the District shall establish a Wellness Committee that will provide ongoing review and evaluation of the Wellness Policy. The

## School District: Scott County Schools

Committee shall meet no less than 3 times during the school year to implement, assess and review, and make recommendations for changes to the Wellness Policy.

The Committee shall consist of a diverse group of stakeholders to participate in the development, implementation, periodic review and updating of the Wellness Policy.

### IV. Goals

The Board of Education of the Scott County School District has established the following goals to promote student wellness.

#### A. Nutrition Education

1. Nutrition topics shall be integrated within the comprehensive health education curriculum taught at every grade (k-12) **At Rye Cove Intermediate, Lisa Berry, from the Virginia Cooperative Extension, comes to the school once a month to teach a nutrition class to the 6<sup>th</sup> and 7<sup>th</sup> grade classes. They make healthy snacks and get recipes of other healthy snacks they can make at home.**
2. The entire school environment, just the classroom shall be aligned with healthy school goals to positively influence a student's understanding, beliefs, and habits as they relate to good nutrition and regular physical exercise.
3. Nutrition education will incorporate helping children acquire skills for reading food labels and menu planning.
4. Nutrition education curriculum is aligned with state and federal learning objectives and standards.
5. Nutrition is integrated into the health education or core curricula (e.g., math, science, language arts). **Lisa Berry helps us to integrate nutrition in our Science classes at Rye Cove Intermediate School.**
6. Schools link nutrition education activities with the coordinated school health program.
7. Staff who provide health education, culinary arts, and nutrition/wellness classes will have appropriate training and/or licensure.
8. The level of student participation in the school breakfast and school lunch programs is appropriate.
9. Schools are enrolled as Team Nutrition Schools, and they conduct nutrition education activities and promotions that involve parents, students, and the community.
10. Nutrition education instructional activities shall stress the appealing aspects of healthy eating and be participatory, developmentally appropriate, and enjoyable. The program shall engage families as partners in their children's education.

#### B. Physical Activity

## School District: Scott County Schools

Students are given opportunities for physical activity during the school day through physical education (PE) classes, daily recess periods for elementary school students, and the integration of physical activity into the academic curriculum where appropriate.

1. Students are given opportunities for physical activity through a range of before- and/or after-school programs including, but not limited to, intramurals, interscholastic athletics, physical activity clubs, and other after school programs. **Our students at Rye Cove Intermediate School participate in cross country, volleyball, basketball, football, and baseball/softball programs either on 7<sup>th</sup>/8<sup>th</sup> grade teams or little league. Our PE teacher assesses endurance and physical strength 3 times a year during class. Every two months, the students participate in physical activity tournaments. New sports equipment outside allows the students to engage in more physical activity during class and recess. The PE teacher also reviews muscle groups in the body, what exercises affect which muscle group, and each week focuses on one muscle group during class.**
2. Schools encourage parents and guardians to support their children's participation in physical activity, to be physically active role models, and to include physical activity in family events.
3. Schools provide training to enable staff to promote enjoyable, lifelong physical activity among students.

### C. Other School-based Activities

1. Fresh fruit/vegetable snacks are offered daily, when grants are available, to certain elementary schools that meet the criteria of 75% free & reduced lunches.
2. Grab-N- Go Breakfast is available in all Scott County Schools to ensure every child has an opportunity to eat a nutritious breakfast. **Rye Cove Intermediate provides grab-n-go breakfast every morning.**
3. An adequate amount of time is allowed for students to eat meals in adequate lunchroom facilities.
4. All children who participate in subsidized food programs are able to obtain food in a non-stigmatizing manner.
5. Physical activities and/or nutrition services or programs designed to benefit staff health have been considered and, to the extent practical, implemented.
6. School staff are encouraged to model healthy eating behaviors.
7. The commonwealth of Virginia mandated screenings for students are performed within the guidelines set up by the Code of Virginia. Appropriate referrals are then completed for hearing, vision, and dental.
8. The Scott County Health Department, in conjunction with Lee County & Wise County Health Departments, provide free dental screenings by a dental hygienist.
9. VA SMILES dental program offers our students dental cleanings, sealants, cavity fillings, extractions, x-rays, and makes referrals for further surgical needs. They see the students twice a year.
10. The Scott County Health Department offers Flu vaccines to all eligible students and staff members in the fall for those that are interested.

## School District: Scott County Schools

11. Scott County Health Department offers upcoming 6<sup>th</sup> grade students their T-dap boosters, to be given in the school with the assistance of the school health nurse/aide.
12. School Health Services cooperates with the Scott County Health Department in tracking communicable diseases, influenza and influenza like illnesses to monitor the health status of our students.
13. Individual classroom activities are provided by the school nurses to the students for nutrition, health and hygiene as requested by teachers & principals.
14. Blood Borne Pathogens training is given to the staff on a yearly basis. CPR/1<sup>st</sup> Aide training is offered for those staff who are mandated by the state of Virginia to be certified in order to perform their job duties/skills.

### D. Nutrition Guidelines

1. Nutritional standards for the school breakfast and school lunch programs, a la carte items, and after school snacks meet or exceed state and federal standards. **Rye Cove Intermediate follows the guidelines of state and federal standards for breakfast, lunch, snacks, and after school snacks.**
2. All food and beverages sold and served outside the school meal program (“competitive” foods and beverages) shall, at a minimum, meet the standards established in the USDA’s Nutrition Standards for all Foods Sold in Schools (Smart Snacks) rule. **Rye Cove Intermediate follows the guidelines for snacks sold to our students. Water is the only beverage sold by our school.**
3. The nutritional content of foods and beverages donated for class parties or other school events is considered.
4. Marketing: Schools will restrict food and beverage marketing to only those foods and beverages that meet the nutrition standards set forth by USDA’s Nutrition Standards for All Foods Sold in Schools (Smart Snacks) rule. marketing includes brand names, trademarks, logos, or tags except when placed on a food or beverage product/container; displays, such as vending machine exteriors; corporate/brand names, logos, trademarks on cups, posters, school supplies, education materials, food service equipment, and school equipment (e.g. message boards, scoreboards, uniforms); advertisements in school publications/mailings; sponsorship of school activities, fundraisers, or sports teams; educational incentive programs such as contests or programs; and free samples or coupons displaying advertising of a product.
5. Outreach strategies to encourage families to reinforce and support healthy eating and physical activity are in place.
6. When drinking fountains are not present in the cafeteria, water cups/jugs are available. **RCI has a drinking fountain in each classroom, two in the hallways, and one in the cafeteria.**
7. Menus shall be posted on the district and school websites. **Our menu is posted on the schools website and posted in the school.**

## School District: Scott County Schools

8. The District allows up to 30 exempt fundraisers per school year. All other fundraisers sold during the school day must meet Smart Snacks nutrition standards. No restrictions are placed on the sale of food/beverage items sold outside of the school day. **RCI follows the fundraising rule and does not exceed over 30 of these per school year.**

### E. Community Engagement

1. The District shall provide information on how the public can participate in the school wellness committee on an annual basis.

### F. Monitoring and Evaluation

1. The District wellness policy shall be updated as needed based on evaluation results, District changes, emersion of new health science information/technology, and/or new federal or state guidance are issued.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotope, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at [How to File a Program Discrimination Complaint](#) and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: [program.intake@usda.gov](mailto:program.intake@usda.gov).

USDA is an equal opportunity provider, employer, and lender.
